

2012 EdgeWater 158CC

Boat Type: Runabout

Address: ROCKPORT, ME, US

Price: \$19,750

OVERVIEW

Beautifully maintained and stored with care indoors over the winter months, this gently used but much loved 158 CC was well protected from harsh conditions. She comes with a Rocket Supreme Galvanized trailer and has very low hours on the reliable Yamaha engine; detailed and refreshed by the dealer, this Edgewater is the perfect boat to get you on the water this summer!

The 158CC was designed for escapades beyond the jetty or shuttling provisions to a private island picnic. Its rugged Permagrid II construction and Deep "V" hull give it the feel of a much larger boat. The versatile 158CC packs big boat EdgeWater features into a compact package, such as, a self-bailing deck, hefty functional cockpit, oversize console, ample storage, built-in fuel tank, and the reliability of Yamaha Power. So when you head offshore or out to the beach, enjoy the day with complete confidence.
